- Battery chargers used with the product are to be regularly examined for damage to the cord, plug, enclosure, and other parts. In the event of such damage, chargers must not be used until the damage has been repaired.
- Recycle or dispose of battery according to federal, state, and local laws.

FCC STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

To reduce the risk of electric shock, always unplug this appliance from the electrical outlet immediately after using and before cleaning.

THE FUTURE OF RECOVERY

01

Plug the adapter into the massager and then plug into an outlet to charge.

The LED indicator will be red while charging and white when fully charged. Charge the battery for 6 hours before first use. Do not use the massager while it is charging.

02

Select and attach the desired massager node.

See reverse side for Interchangeable Node guide.

03

Move power switch, located at the bottom of the device, to ON position. Press the power button to turn the massager on. Press it again to cycle through the 3 intensity levels.

You can change the nodes to customize your massage. Only swap nodes when the massager is off.

Battery Indicator

Power/Intensity

Intensity Indicator

04

Use for 60 seconds per region. Do not use on neck, head or any hard or bony areas of the body.

Enjoy your massage for up to 10 minutes.
